

IBS HESSIAN BOARD

Pinboards, partitions, displays, sound and thermal insulation - IBS Hessian Board does it all!

IBS HESSIAN BOARD

IBS Hessian Board is made using IBS Softboard which is wrapped with natural hessian. What makes IBS Hessian Board unique is that all four edges are wrapped so there is no need to seal before use and it will always look great no matter which way you position the panels.

IBS Hessian Board is the perfect solution in an office where it not only offers great sound and thermal insulation but is also great as a pinboard and office partitioning.

This product is light and easy to install whether you are a builder or DIY-er.

Available In
2440x1220x12mm
